Policy OR Guidance: Policy

Affected Section/Text Location: AMS Policy 1.2.5 - Table of Acquisition Categories

Summary of Change: This change adds a new investment type for acquisition categories.

Reason for Change: At December 2012 meeting, the AEB's discussion of TCAS led to establishing cross-organizational work group to recommend a governance path for non-materiel solutions. This change will provide a standard tailored path for F&E non-materiel programs that may require a formal JRC meeting for a final investment decision. As part of the annual F&E budget formulation recommendations to the JRC, the CIT will recommend any non-materiel programs that may require additional program-specific discussion and direction from the JRC.
